PUBLIC TRANSPORT

Malta Public Transport

In Malta the only Public Transport you have is the Bus to get around the city, go to and from work.

If you prefer to do a Travel card you will need to do it Online or in Malta in one of the sales outlets, with your ID card and passport type photo. The cost for the card is 31,14 euros; it takes about two weeks to receive it, and it includes 20 euros credit. When using your tallinja card you will benefit from cheaper fares than when you pay on the bus. Every time you board the bus simply touch the reader on the bus with your tallinja card. A fare of 0,75 cents for every journey will be deducted automatically from your available credit.

When using your tallinja card, you will automatically benefit from daily, weekly or monthly capping depending on your card plan. To activate the monthly plan, you need to top up the tallinja card on the 1st day of each month with 21 euros for

Student card or 26 euros for Adult card. This allows you to travel unlimited till the end of the month.

There are stationeries where you can purchase other Travel cards that allow you to travel for 7 days unlimited for 21 euros and/or 12 journeys for 15 euros.

The travel card Top up can be done online in Malta Public Transport website or in any outlet around the city; the closest one is in Sliema.

Please visit Malta Public Transport website below to check all the routes, bus maps and timetables.

You can also download the app Tallinja which enables you to top up the card, check routes and check the timetable of the bus in Realtime.

Central Office Address	Mdina Road, Qormi Malta
Tel. Number	+356 21222000
e-mail	enquiries@publictransport.com.mt
Website	www.publictransport.com.mt

Note *Tickets can be purchased from the Bus Driver on all Buses. These Cash Tickets are Single Journey tickets that can be used to get to any destination within two hours, including interchanging. Each journey is 1,50 euros (winter) 2 euros (summer) and 3 euros (night service).*

FURTHER ADVISE

Malta Weather

Malta's climate is typical of the Mediterranean and is strongly influenced by the sea. The Maltese Islands have a pleasantly sunny climate with a daily average of around 12 hours sunshine in summer going down to 5 to 6 hours in mid-winter. Summers in Malta are hot, dry and very sunny with August usually the warmest month. In August temperatures in Malta vary from 28-34°C during the day and cool down to 19-24°C during the night. The summer season lasts 8 months and the weather start warming up in April, with a temperature of 19-23°C during the day and ends in November with temperatures of 17- 25°C during the day. Winters in Malta are usually mild. The coldest month is January with temperatures ranging from 12-20°C during the day and 7-15°C during the night. During the winter, which lasts from December to March, the daytime temperature hardly ever drops below 10°C. The sea temperature is 20°C during January and 26°C in August. Swimming is therefore possible all year round (for the hardier people) with the sea temperature rarely dropping below 15°C. From June to November, the average sea temperature exceeds 21 °C.
